

~~3x - 0.0063~~

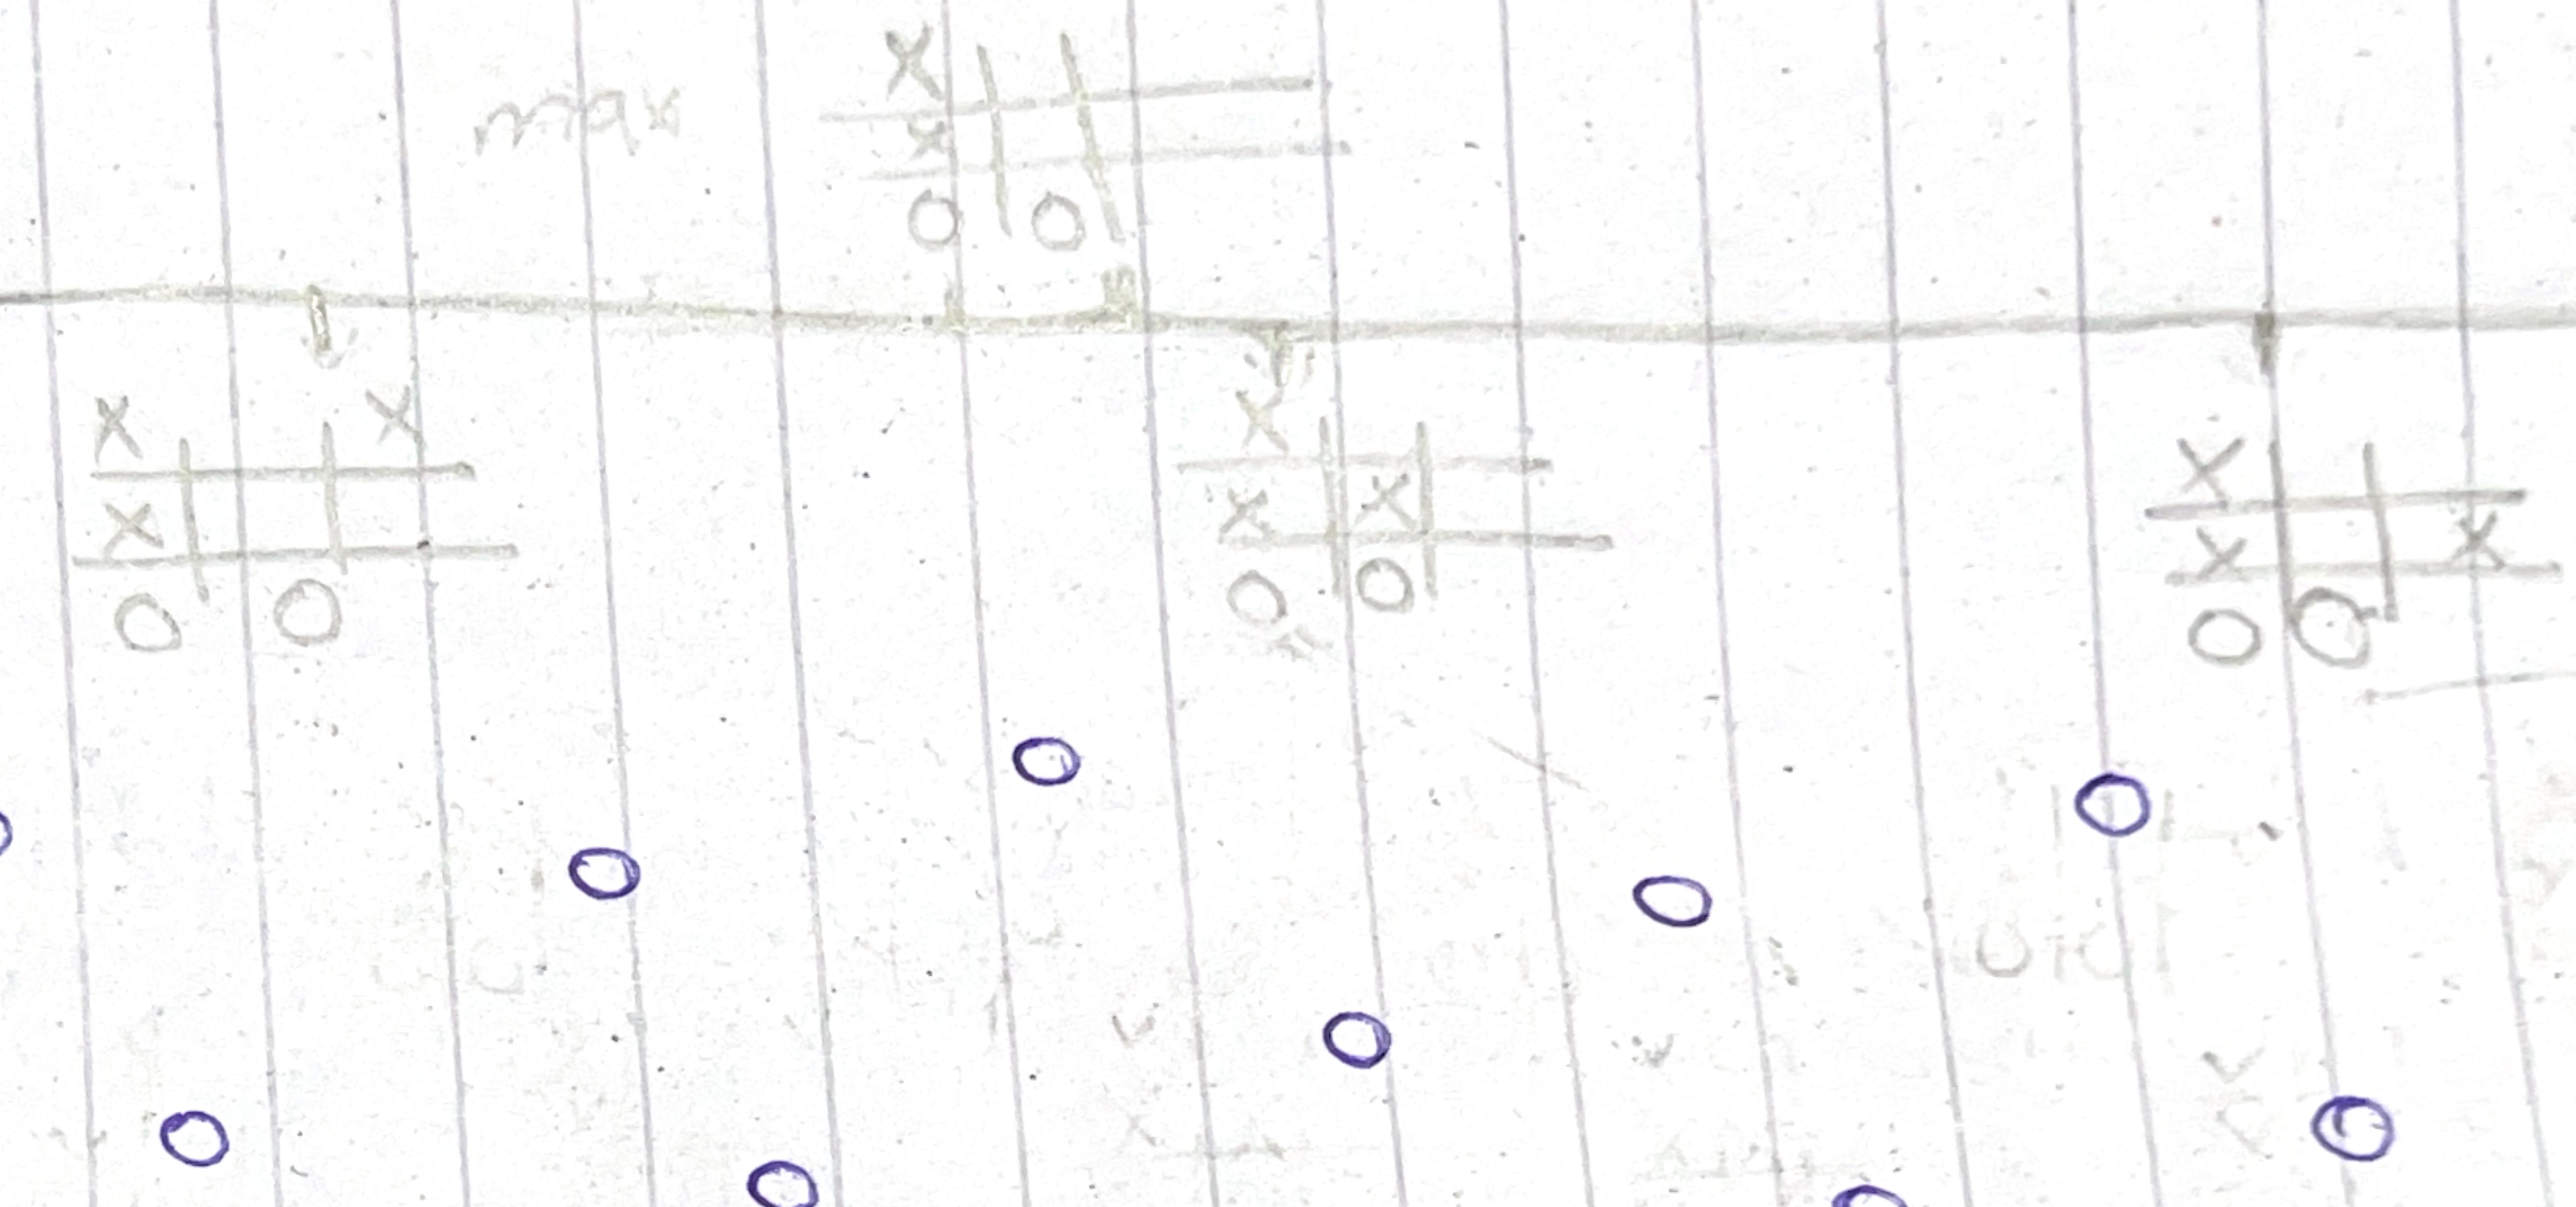

a.  $-100$

b.  $-10$

c.  $-1000$

d.  $-100$

rough work  
 $a = 10 - 100 = -90$

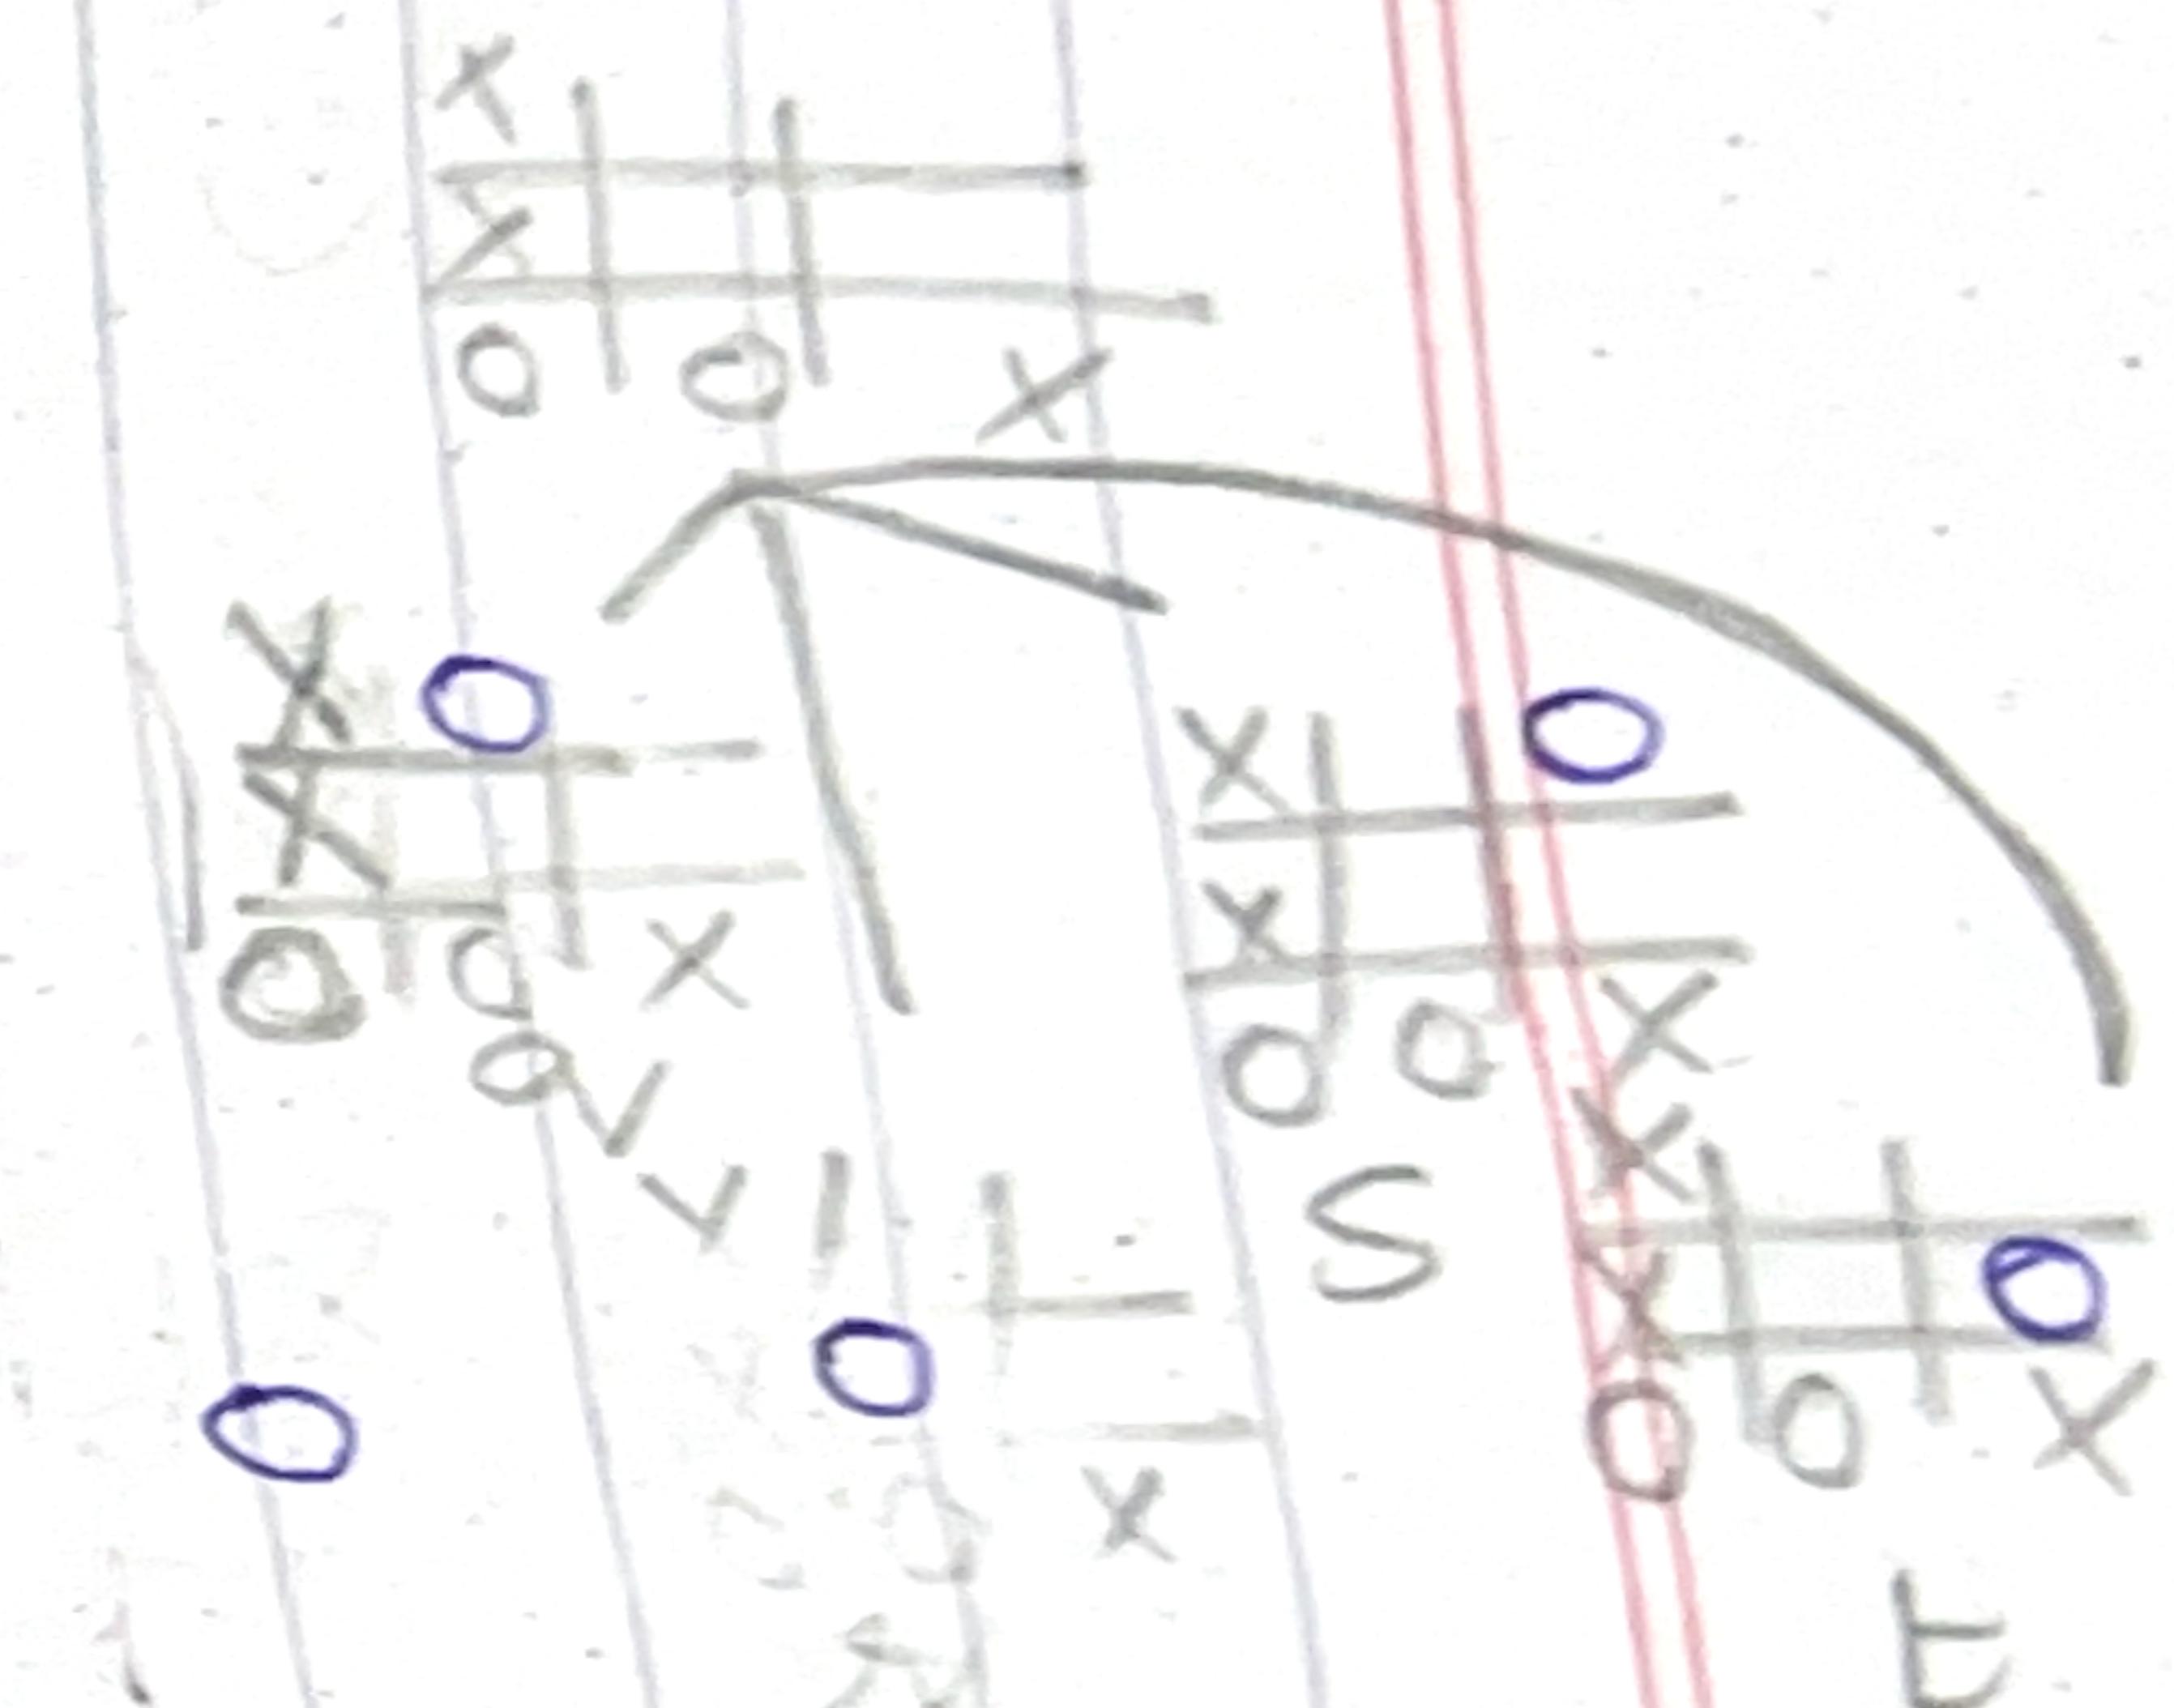

$b. 100 + 0 - 100 = 0 - 10 = -10$

$c. 100 + 10 - 1000 = -890$

$d. 100 - 100 = 0 + 0 = 0$

$e. 10 - 100 = -90$

~~$= -100$~~   
 ~~$-100 = -90 + 10$~~   
 ~~$= -180$~~

$$q. 0 - 100 + 10 = -90 + 0 + 10 = -80 + 100$$

$$a. 0 + (-100) + 10 = -90 + 10 = -80 = 20$$

$$s. 0 + (-10) + 0 = -10 + 10 = 0 + (+100) = 100$$

$$t. 0 - 10 + 0 = -10 + 10 = 0 + 100 = 100$$
